TIMESHEET

TIME TRACKER

PROJECT MANAGEMENT

ATTENDANCE TRACKING

RESOURCE UTILIZATION

PLANNER

DATA SECURITY

APPROVAL

Important Features

Timesheet Management

Daily, Weekly & Monthly Timesheet Entry

Leave & Expenxe Management

Manage Employees Leave & Expenses Projectwise.

Project & Task Management

Capture Projects Hours, Apply Rates & Invoice Accurately

Invoicing

Easily turn tracked time and expenses into invoices and get paid fast

Resource Management

Staff Managment is very easy, get detailed & summary of eash staff working hours/ costing/ timesheet not submitted etc.

Easy Approval Process

Easy & Multiple Approval Process.

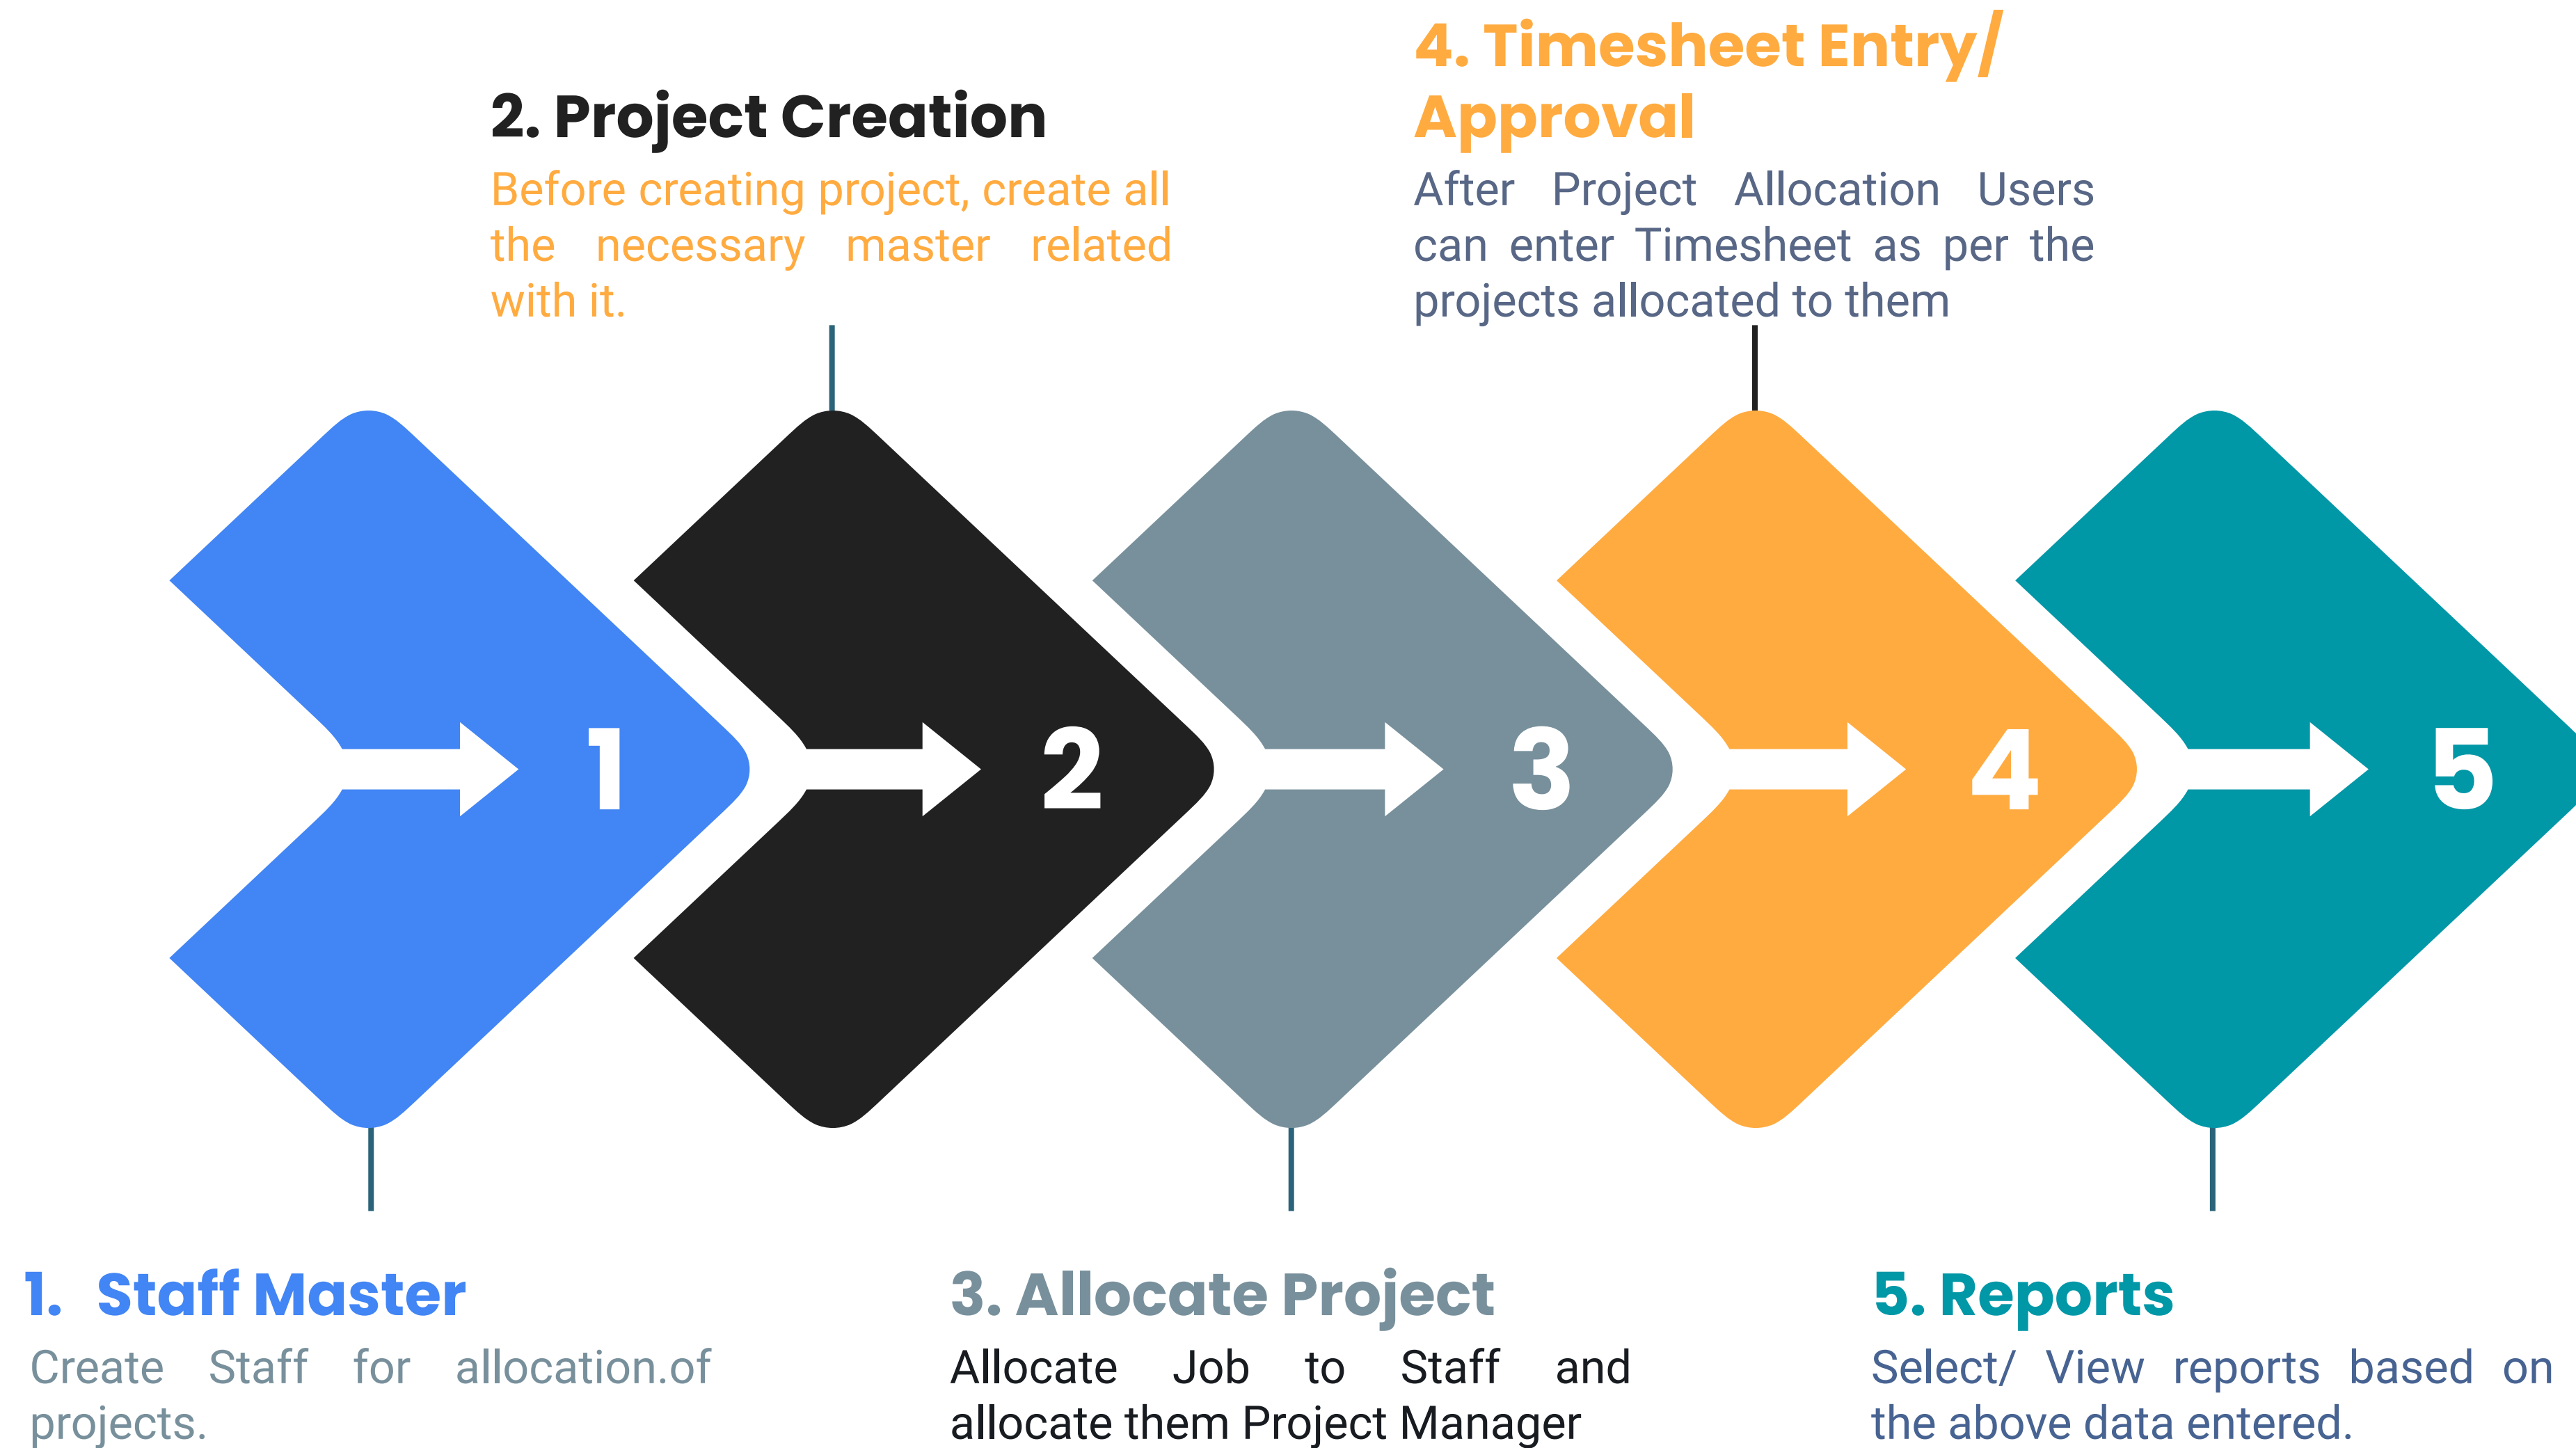

Timesheet Features

- Comprehensive planning tools to organize tasks and projects effectively.
- Real-time dashboard providing instant updates on project progress.
- Efficient resource allocation module for optimal utilization of resources.
- Streamlined multiple approval system to ensure smooth workflow processes.
- Director dashboard offering strategic insights for informed decision-making.
- Individualized admin, approver, and user dashboards for personalized user experience.
- Geo-location tracking for enhanced oversight of employee activities.
- Flexible input options with daily and weekly choices for time tracking.
- Integrated leave and expense management for seamless administration.
- Customizable user rights for tailored access control to the software.
- Email notifications for timely communication and updates.
- Extensive reporting suite providing in-depth analytics for performance evaluation and decision support.

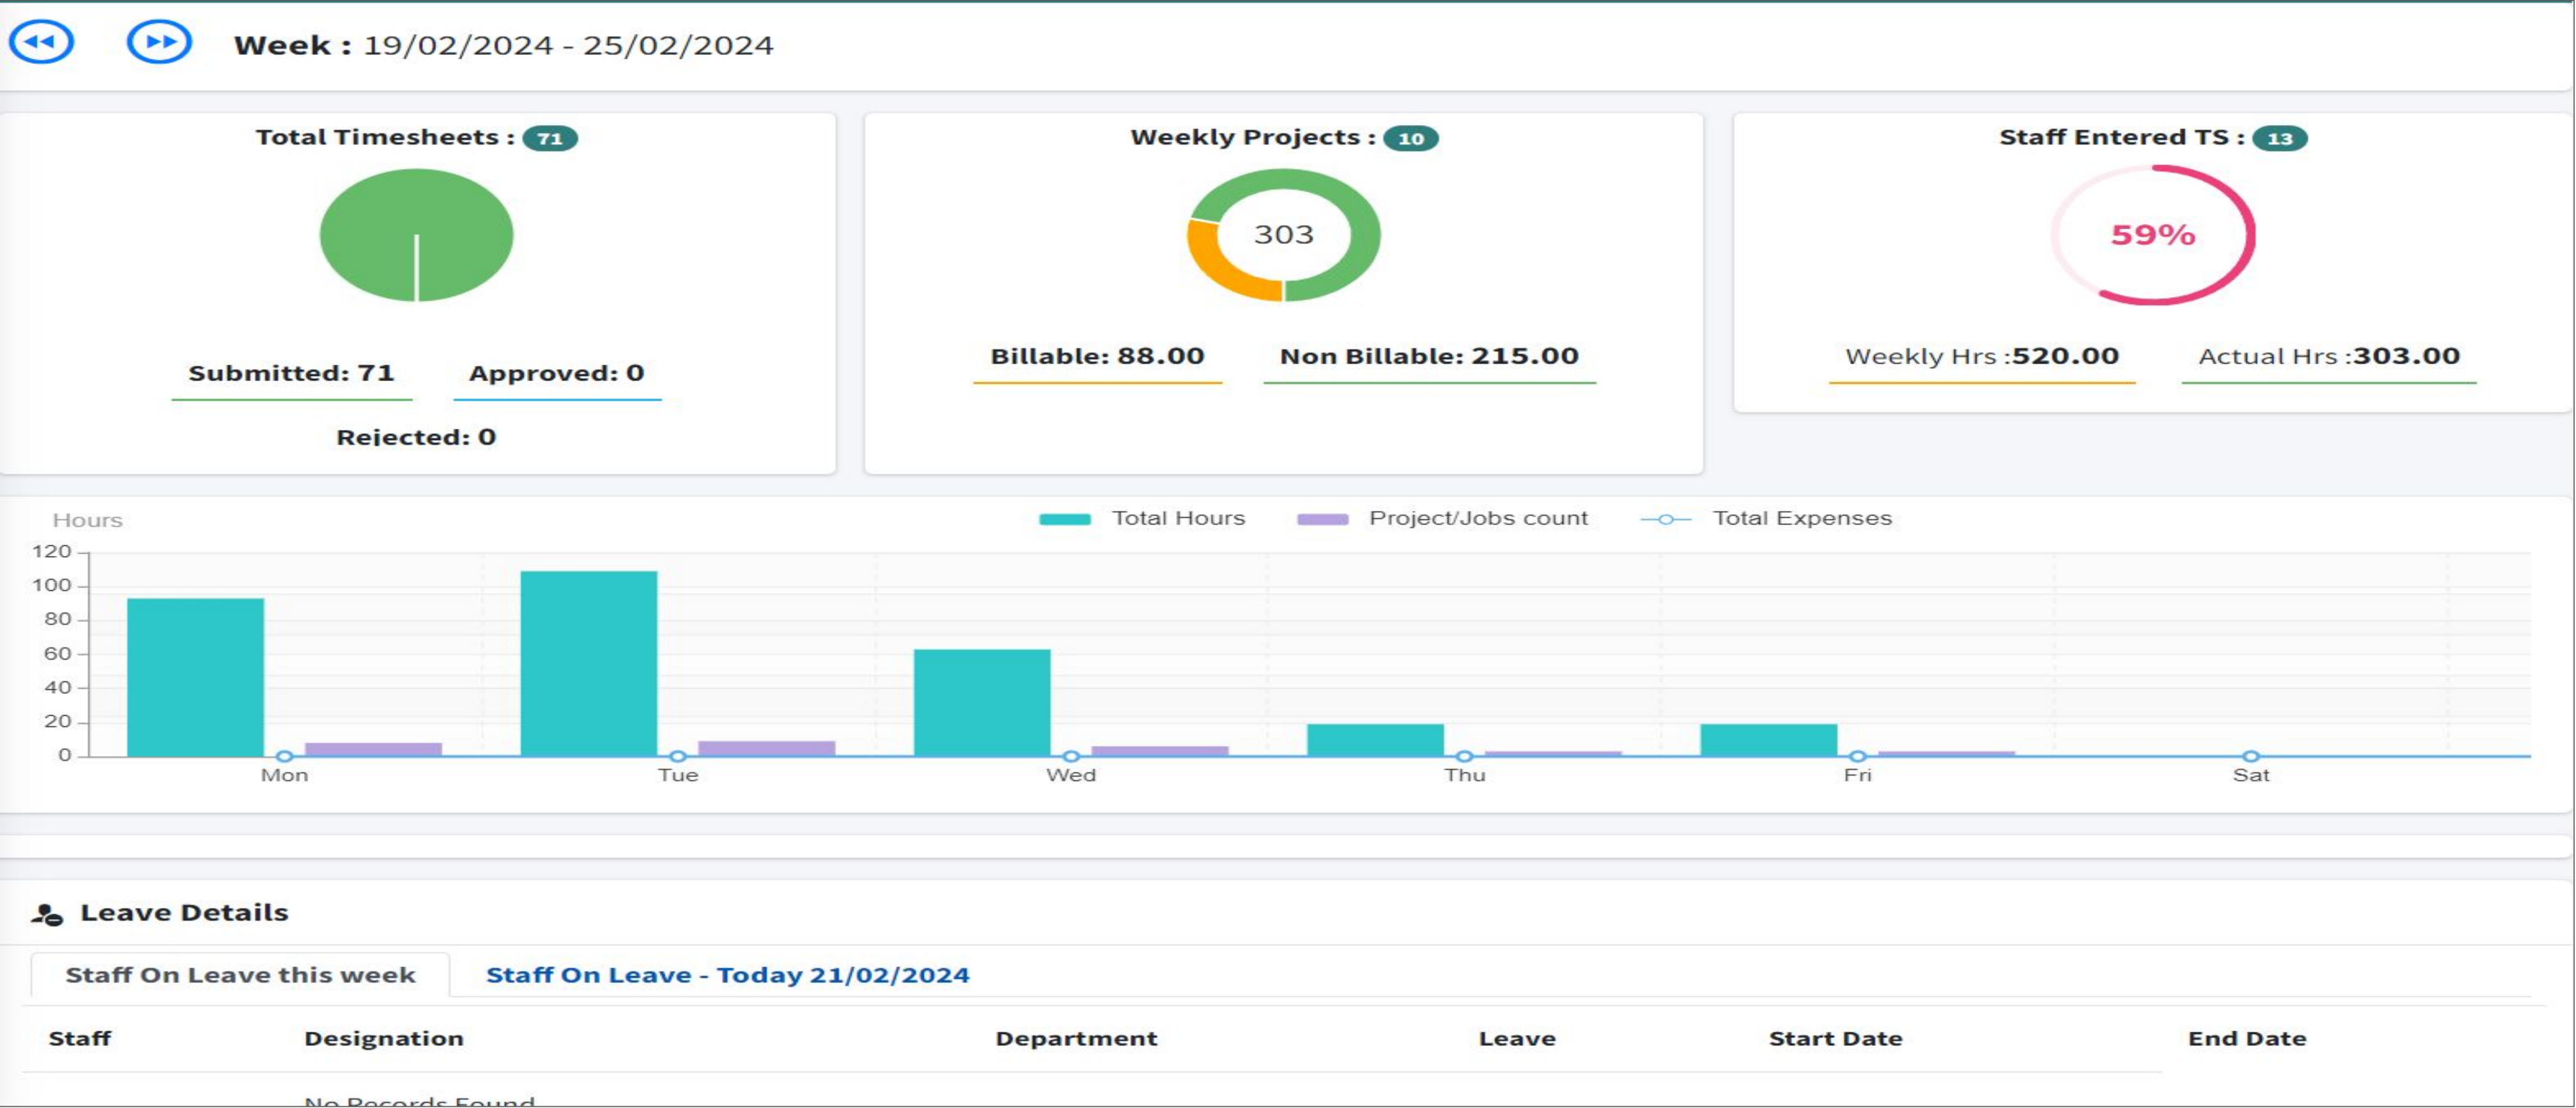

Diverse Dashboard's

- Separate dashboards tailored for administrators, users, approvers, and directors.
- Each dashboard provides specialized functionalities catering to distinct roles and responsibilities within the organization.
- **Administrators** access comprehensive controls and oversight features for managing the system.
- **Users interact** with intuitive interfaces designed for efficient task management and time tracking.
- **Approvers** have dedicated dashboards for reviewing and approving submissions, ensuring workflow integrity.
- **Directors** gain strategic insights and high-level analytics through their dashboard, facilitating informed decision-making.

JTMS Flowchart

Realtime Admin Dashboard

Administrators access comprehensive controls and oversight features for managing the system.
